

SPECIAL NOTES

GENERALLY USE:

- 27 MHz Ch 91
- VHF Ch 77
- Ch 82 for vessels travelling greater distances through repeater station
- FOR GENERAL CALLING
- FOR GENERAL CALLS TO MANDURAH VOLUNTEER MARINE RESCUE
- LOGGING ON AND LOGGING OFF
- WEATHER INFORMATION

EMERGENCY USE:

- 27 MHz Ch 88
 - VHF Ch 16
- Ch 82 should be tried if no contact on Ch 16
- VHF Ch 16 is monitored by "PERTH RADIO" 24 Hrs a day.

Note: Please consider training your partners, your children and/or your crew at least in basic Radio procedures, particularly "Emergency Procedures".

THE LIFE THEY SAVE MAY BE YOURS.

See "SAFE BOATING GUIDE"

REMEMBER: You must carry an EPIRB on your vessel when intending to travel more than 2 nautical miles offshore.

Note: EPIRB's should only be used when vessels are in
GRAVE AND IMMINENT DANGER.

CONSIDER ENROLLING IN A RADIO OPERATORS COURSE HELD AT THE MANDURAH VOLUNTEER MARINE RESCUE BASE

What can you do?

You can help us by logging on when you go out and logging off when you get in

This can be done by calling

MANDURAH VOLUNTEER MARINE RESCUE VMR611

27MHz - Ch.91

VHF - Ch 77

VHF - Ch 82

VHF Ch 82 through Repeater is for vessels travelling greater distances and should be tried if no contact on Channel 77.

IF WE KNOW WHERE YOU ARE

YOU'RE EASIER AND QUICKER TO FIND

(08) 9535 4789

Commander - 0409 081 801
